Ministry Review by John Truscott – the PCC received the Truscott Report in mid-March and a small working party "Truscott Implementation Group" (TIG) was set up to review the Report's recommendations and suggest ways in which they could be implemented. A synopsis of the report was emailed to the whole church family in April. Whilst the full report was confidential to the PCC, some members of the church family have requested sight of it. After consultation and consideration, the PCC has agreed to allow sight of the Report in the church office, and/or make a limited number of copies available to 'sign out', by members of the church family (denoted as being on our electoral roll). The Report is not available electronically. If you wish to see a copy of the Report, please call / email the office team who will prepare a copy for you.
